

TriStar Centennial Spine Surgery Program

TriStar Centennial Medical Center has earned The Joint Commission's Gold Seal of Approval® for its spine surgery program. The certification award recognizes TriStar Centennial's dedication to continuous compliance with state-of-the-art standards.

What does Joint Commission accreditation mean?

- Processes in place to track quality metrics specific to spine
- Physician-led interdisciplinary team to evaluate processes related to spine care with continual improvement
- Expertise to address simple to complex spine cases, including disc replacement and multi-level fusions
- Dedicated staff, from pre-admission testing to post-operative therapy, trained to meet the unique needs of patients with spinal conditions

TriStar Centennial Medical Center has the only Joint Commission accredited spine surgery program in the state of Tennessee.

For more information about our Spine Surgery Program, please contact:
